

Andres E. Nunez

2520 Mable Ln, Lexington, KY 40511 • (859) 539-7103 • andres.nunez1408@gmail.com

EDUCATION

PhD, Soil Science, University of Kentucky (2008)

Dissertation Topic: Microbial Community Structure Dynamics in Ohio River Sediments during Reductive Dechlorination of PCBs

Master of Science, Chemistry, Universidad Simón Bolívar (2000)

Thesis Topic: Stereoelectronic Control on the Acid Hydrolysis of Cyclic Phosphoramides.

Bachelor of Science, Chemistry, Universidad Simón Bolívar (1996)

Thesis Topic: Kinetic Study of Hexakis(amino)cyclotriphosphazenes Phenolysis

a42.032oh9

September 2000 – December 2003

Assistant Professor. Universidad Simón Bolívar, Caracas, Venezuela

Instructed students from chemistry and chemical engineering majors in elective courses such as

MEETINGS

- E.M. D'Angelo and **A. Nunez**. 2008. Microbial Population Dynamics during PCB Bioremediation in Soils and Sediments. ASA-CSSA-SSSA
